Almondbury Community School Info Sheet

Almondbury Community School

Fernside Avenue

Almondbury

Huddersfield

HD5 8PQ

Access from Fernside Avenue

To access the school's car park, you'll need to press the intercom button and say you're here for swimming lessons (unless the gate's already open!). To exit, approach the exit gate (not the entrance gate!) and it will open automatically.

Parking

Please use the car parks on your left as you enter the school's gate, or the smaller car park a bit further up on your right.

Entrance to the pool

After parking up, you'll need to walk around the right hand side of the school's buildings, all the way around to the pool's entrance. This door is unlocked by entering the code: **1939**

Changing rooms

Dads must take their children into the male changing rooms to get changed - Mums must take children into the female changing rooms (upstairs). If you think your child is too old to be getting changed in the opposite sex changing room, they're probably old enough to get changed on their own! Please also leave the changing rooms as clean and as tidy as possible.

General

The use of mobile phones or photography equipment is strictly prohibited – if you need to use your phone, please do so outside.

There is limited space for spectators on poolside – unfortunately, there is not enough room for the whole family to come and watch!

Swimming hats/caps aren't needed at Almondbury.
